OFFICIAL RULES: PARANOIA

1. **Whisper.** Whisper a "who" question to the player on your right: "Who here would survive longest on a desert island?"
2. **Answer out loud,** with a name at the table, and nothing else.
3. **Named?** Take a shot to hear the question. Or don't, and never know.
4. **Next.** The named player asks the next question.
5. **Fair questions only.** Nothing you wouldn't want read aloud. The Official may throw it out, and the asker drinks.
